

TCO AS HSE and Quality Policy

TCO AS shall deliver products and services in accordance with customer needs, specifications and expectations, to an agreed time.

TCO shall continuously work with quality improvements and commit to maintain a documented quality system in accordance with ISO 9001.

TCO has adopted the 0-injury philosophy and HSE shall always be in focus with a high priority, so that both employees and customers can feel secure.

TCO are committed to comply with or exceed all applicable legal requirements related to HSE and products.

Above referred principles shall form the base for long term success and be followed up by measuring established HSE and quality goals.
